Subject: Supplemental Label for Recently Accepted Uses
Product Name: Acramite® – 50WS
EPA Registration Number: 400-503
Application Date: September 17, 2014
Decision Number: 495748

Dear Dr. Weiland:

The supplemental label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is accepted. This supplemental label pertains to use only on crops in the Fruiting Vegetable Group 8-10, the Herbs Subgroup 19A, and the Pome Fruit Group 11-10. These use patterns are incorporated onto the label for this product that EPA accepted on September 4, 2014.

By itself, this supplemental label does not constitute the complete set of use directions that have been accepted for this product. The complete accepted Directions for Use section for this product appears on the labeling that was accepted on September 4, 2014.

A stamped copy of this supplemental label is enclosed for your records. This supplemental label expires on March 4, 2016.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Dr. William W. Jacobs by phone at 703-305-6404, or via email at jacobs.bill@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read 'VE', followed by a horizontal line.
